Familias Unidas has provided direct immigration legal services for low-income immigrants, helping people obtain citizenship, asylum, visas and work permits. Familias Unidas keeps families together, protects immigrants from violence in their homes or home countries, and provides new opportunities for immigrants to succeed. For example, proceeds from this fundraiser will provide financial assistance to young people in the Treasure Valley who want to apply for the special visa program, Deferred Action for Childhood Arrivals (DACA). The application fee is \$465, and does not include the high cost of legal services to help with the application process. Familias Unidas identifies applicants needing financial assistance, and your contribution helps these young ambitious individuals acquire aid at pro-bono or low-bono to find a pathway to citizenship.

We know many of our neighbors are defrauded by so-called 'notaries.' There are businesses that prey upon immigrants and their desire to seek a legal avenue towards citizenship. With the current climate of fear in our immigrant community Familias Unidas is the bridge to help folks to come out of the shadows, find information and solutions. Familias Unidas is providing legal services, as well as outreach, and your sponsorship helps us continue to do so. A lot of current residents in the Treasure Valley do have avenues to citizenship, but they're scared and lack funding. Familias Unidas represents the support these individuals and families need without paying outrageous attorney fees or losing their life savings to unaccredited staff. Be part of the solution. Help Familias Unidas strengthen our communities.
